[Electronic Damping Cancellation]

- This module effectively prevents error messages or fault codes from appearing on the dashboard when upgrading the suspension system.
- After replacing the factory suspension with aftermarket components, it helps avoid suspension-related warning lights or error prompts.
- Compatible with various aftermarket suspension brands.
- Ideal for vehicle owners who have upgraded their suspension systems.
- 模組可在更換避震器時有效防止儀表板出現錯誤訊息或故障碼。
- 更換非原廠避震器後，防止儀表板跳出避震系統錯誤提示或故障燈。
- 可支援多種品牌避震器。
- 適用對象，改裝避震器之車主。
